

"Practical Applications of Crystals using European Vibrational"

In this special intensive seminar, Dr. Gilbert will teach participants essential practices of European Vibrational Dowsing, which is a completely different system from the Mental Dowsing practiced in North America. These skills will be focused on the testing and practical application of Stones for Healing, Energy Balancing, and Energy Activation.

Topics and Practices to Be Covered in this Workshop include:

- * Easy Methods to Discover the "Personal Wavelength" of any Person
- * Using the Personal Wavelength to identify Precise Stones which are Beneficial or Harmful to a Specific Person
- * Basic Methods to Vibrationally Detect Invisible Waves which affect Health & Consciousness
- * Method to test the Harmonizing Force: the Centering Vibration
- * The Three Key Vibrations to Test for Artificial Treatment for Stones
- * Essential Stones for Extracting Toxic Vibrations
- * New Research into Powerful "Stone Adaptogens"
- * Maximizing the Effects of Large Stones through 3 Key Placements in a Room

Note: This course will use Vibrational Testing Pendulums created in Egypt by the BioGeometry® system. Participants who have these Pendulums should bring them to the class. For those who do not, training pendulums will be shared with participants while supplies last.
